*Listed as World Heritage Site, Blue Mountain is surrounded by numerous beautiful landscapes. Blue Mountain is named after the blue mist found there which provides a feeling of mystery and romance and attracts many nuptial couples to have their overseas pre-wedding photo shooting here.*

*The landscapes in Blue Mountain vary according to different seasons. In spring, cherry blossom, peach blossom and crabapple are found while maple, birch wood and Deciduous Cypress are found in autumn. Our Australia professional staff such as professional photographer, wedding planner and make up stylist will help you capture the most wonderful overseas wedding photo here together with the beautiful landscapes.*
